

# **Kansas Administrative Regulations**

## **Kansas Department of Agriculture—Division of Water Resources**

### **Article 8.—Certification of Water Rights**

#### **5-8-1. Certification of a water right.**

Prior to the issuance of a certificate of appropriation by the chief engineer pursuant to an application under which water has been applied to the land of more than one owner, these landowners shall be allowed an opportunity to submit to the chief engineer an agreement signed by all landowners involved recommending how the water right should be divided among them.

(Authorized by K.S.A. 82a-706a and 82a-714; effective May 1, 1980.)
