Article 34.—Hospitals

28-34-148. Terms of a license; amendments.

(a) Each rural emergency hospital license shall be effective for one year following the date of issuance.

(b) Each license shall be valid for the licensee and the address specified on the license. When an initial, renewed, or amended license becomes effective, all previous rural emergency hospital licenses granted to licensee at the same address shall become invalid.

(c) Only one physical location shall be described in each license.

(d) Any applicant may withdraw the application for a license.

(e) Any licensee may submit, at any time, a request to close the rural emergency hospital permanently and to surrender the license. Unless notified by the licensee in writing, if a licensee closes a rural emergency hospital and surrenders the license, any state general hospital license or state critical access hospital license that the licensee also holds shall be surrendered to the licensing agency.

(f) If a rural emergency hospital is closed, any license granted for that rural emergency hospital shall become void.

(g) Each licensee shall submit a request for an amended license to the licensing agency within 30 days after either of the following:

(1) A change of ownership by purchase or by lease; or

(2) a change in the name or address.

(h) If a licensee that also holds a state-issued license as a general hospital or a critical access hospital submits a request for an amended license for a rural emergency hospital, the licensee shall ensure that the amendment to the license does not affect the status of the state-issued license for a general hospital or a critical access hospital.
