State Fire Marshal

Article 8.—Liquefied Petroleum Gases

22-8-8. Inspections.

Each liquefied petroleum gas facility licensed under the Kansas propane and safety act shall be inspected by the state fire marshal or the state fire marshal's designee during the application process or during the first year of licensure. After each license renewal, the facility shall be inspected by the state fire marshal or the state fire marshal's designee.

(Authorized by and implementing K.S.A. 55-1808 and 55-1812; effective March 31, 2006.)
