Article 7.—Movement of Livestock Into or Through Kansas

9-7-14. Equidae.

(a) Each equid entering Kansas, offered for sale in Kansas, changing ownership, or used for exhibition purposes, except a nursing foal six months of age or younger that is accompanied by its dam that has a current negative equine infectious anemia test, shall be identified individually on and accompanied by a complete United States department of agriculture (USDA) veterinary services form 10-11, or an equivalent form approved by the animal health commissioner, that declares that the equid has had an official negative test for equine infectious anemia within the previous 12 months. If an equid has been tested for equine infectious anemia more than one time during the previous 12 months, only the most recent test shall be considered a valid test.

(b) In addition to the equine infectious anemia test required in subsection (a), each equid entering Kansas shall be accompanied by a certificate of veterinary inspection that includes the following information from the equine infectious anemia test required in subsection (a):

- (1) The date of the test;
- (2) the type of test utilized;
- (3) the test results;
- (4) the name of the testing laboratory;
- (5) the accession number which is the laboratory test number; and
- (6) the description of the equidae.

(c) The following definitions shall be included for the purpose of this regulation:

- (1) "Equidae" shall include the following:
 - (A) Horses;
 - (B) asses;
