Kansas Corporation Commission

Article 3.—Production and Conservation of Oil and Gas

82-3-102. Classification of wells; determining and naming common sources of supply; nomenclature committee.

Wells shall be classified by the common sources of supply from which they produce. Common sources of supply shall be determined and named by the commission after considering the recommendations of the conservation division and the nomenclature committee of the Kansas geological society. In naming common sources of supply, preference shall be given to common usage and geographic names. Separate common sources of supply within the same field shall, if possible, be named according to the producing formation. The commission may redetermine a common source of supply whenever necessary.
