

Kansas Administrative Regulations

Kansas Department of Agriculture—Division of Animal Health

Article 30.—Equine Infectious Anemia

9-30-3. Infected equidae moving to another state.

(a) If an equidae located in Kansas is known to be infected with equine infectious anemia and is to be moved to another state, the livestock commissioner or the commissioner's designee shall brand the equidae on the left side of the neck by hot iron or by freeze branding with the Kansas code "48," followed by the letter "A." The number "48" and the letter "A" shall be at least two inches in height and shall not be obscured by the equidae's mane.

(b) Each equidae branded in this manner shall be individually identified on and be accompanied by a USDA veterinary services form 1-27 for interstate movement of restricted equidae.

(Authorized by K.S.A. 1996 Supp. 47-607d and K.S.A. 47-610; implementing K.S.A. 47-608; effective Jan. 23, 1998.)
