

Kansas Administrative Regulations

Department of Corrections

Article 6.—Good Time Credits and Sentence Computation

44-6-137. Time lost on escape.

(a)(1) Time lost on escape shall be calculated by subtracting the date of escape from the date of apprehension on the Kansas charge regardless of whether the inmate is in or out of the state. The result of this computation shall be added to the minimum date, the parole eligibility date, maximum date, conditional release date, or guidelines release date, as applicable.

(2) If the time of apprehension in the other state is not able to be determined, the date of delivery into Kansas custody shall be used. A good faith effort shall be made to determine the time of apprehension.

(b) If time held on the Kansas warrant in the other jurisdiction includes time served for a charge or conviction in the other jurisdiction, the time of delivery into Kansas custody shall be used as the point at which the lost escape time stops.

(Authorized by K.S.A. 75-5251; implementing K.S.A. 75-5251; effective, T-84-32, Nov. 23, 1983; effective May 1, 1984; amended Sept. 6, 2002.)
