

Kansas Administrative Regulations

Kansas Department of Agriculture—Division of Water Resources

Article 12.—Aquifer Storage and Recovery

5-12-4. Aquifer storage and recovery systems in a groundwater management district.

A groundwater management district may recommend rules and regulations pertaining to monitoring and accounting requirements for that portion of the basin storage area that falls within the district's boundaries.

(Authorized by K.S.A. 82a-706a; implementing K.S.A. 1999 Supp. 82a-711, K.S.A. 82a-712, and K.S.A. 82a-1028(o); effective Sept. 22, 2000.)
