Department of Health and Environment

Article 4.—Maternal and Child Health

28-4-1303. Terms of a temporary permit or a license.

(a) License capacity. The maximum number of patients authorized by a temporary permit or a license shall not be exceeded.

(b) Posting temporary permit or license. The current temporary permit or the current license shall be posted conspicuously within the birth center.

(c) Validity of temporary permit or a license. Each temporary permit or license shall be valid for the applicant or licensee and the address specified on the temporary permit or the license. When an initial or amended license becomes effective, all temporary permits or licenses previously granted to the applicant or licensee at the same address shall become invalid.

(d) Advertising. The advertising for each birth center shall conform to the statement of services included with the application. A claim for specialized services, even if specified on the application for a birth center, shall not be made unless the birth center is staffed and equipped to offer those services. No general claim of being "state-approved" shall be made until the applicant has been issued a temporary permit or a license by the secretary.

(e) Withdrawal of application or request to close. Any applicant may withdraw the application for a license. Any licensee may, at any time, request to close a birth center. If an application is withdrawn or a birth center is closed, each temporary permit or license granted for that birth center shall become invalid.

(Authorized by K.S.A. 65-508; implementing K.S.A. 65-504 and 65-508; effective July 9, 2010.)
