Article 22.—Licensing of Psychiatric Hospitals; Funding of Community Mental Health Centers and Facilities for the Mentally Retarded and Facilities for Handicapped Persons

30-22-7. Revocation of license.

A license may be suspended or revoked at any time that the department of social and rehabilitation services finds that the licensed agency has failed to comply with these regulations or applicable statutes. Prior to suspension or revocation of an agency's license, the division of mental health and retardation services shall send to the agency a written notification of the proposed suspension or revocation and the reasons therefor. The notice shall state whether the agency's license has been suspended pending further proceedings. Such notice shall further advise the agency that the agency may appear before the division at a specified time not less than five (5) nor more than fifteen (15) days from the date the notice is mailed to or served upon such agency and present any relevant evidence and be given an opportunity to be heard on the agency's continuing eligibility to be licensed. The division shall consider all evidence presented, including that of the agency. If the decision is to suspend or revoke the agency's license as herein provided, the division shall issue a written order of suspension or revocation setting forth the effective date of such suspension or revocation and the basic underlying facts supporting the order.
