

Kansas Administrative Regulations

State Department of Education

Article 42.—Emergency Safety Interventions

91-42-4. Parent notification; required meeting; filing a complaint.

(a) When an emergency safety intervention is used with a student, the school shall notify the parent the same day the emergency safety intervention was used. The school shall attempt to contact the parent using at least two methods of contact, one of which shall be the preferred method of contact if so designated by the parent as specified in this subsection. The same-day notification requirement of this subsection shall be deemed satisfied if the school attempts at least two methods of contact. A parent may designate a preferred method of contact to receive the same-day notification required by this subsection. A parent may agree, in writing, to receive only one same-day notification from the school for multiple incidents occurring on the same day.

(b) The school shall provide written documentation of the emergency safety intervention used to the parent no later than the school day following the day on which the emergency safety intervention was used. This documentation shall include the following:

- (1) The date and time of the intervention;
 - (2) the type of intervention;
 - (3) the length of time the intervention was used;
 - (4) the school personnel who participated in or supervised the intervention;
 - (5) the events leading up to the incident;
 - (6) the student behaviors that necessitated the emergency safety intervention;
 - (7) the steps taken to transition the student back into the educational setting;
 - (8) space or an additional form for parents to provide feedback or comments to the school regarding the incident;
 - (9) a statement that invites and strongly encourages parents to schedule a meeting to discuss the incident and how to prevent future use of emergency safety interventions;
- and

(10) email and phone information for the parent to contact the school to schedule the emergency safety intervention meeting. Schools may group incidents together when documenting the items in paragraphs (b)(5) through (7) if the triggering issue necessitating the emergency safety interventions is the same.

(c) In addition to the documentation required by subsection (b), the school shall provide the parent the following information:

(1) After the first incident in which an emergency safety intervention is used with a student during the school year, the school shall provide the following information in printed form to the parent or, upon the parent's written request, by email:

(A) A copy of the standards of when emergency safety interventions can be used;

(B) a flyer on the parent's rights;

(C) information on the parent's right to file a complaint through the local dispute resolution process and the complaint process of the state board of education; and

(D) information that will assist the parent in navigating the complaint process, including contact information for the parent training and information center and protection and advocacy system.

(2) After subsequent incidents in which an emergency safety intervention is used with a student during the school year, the school shall provide a full and direct web site address containing the information in paragraph (c)(1).

(d) After each incident, a parent may request a meeting with the school to discuss and debrief the incident. A parent may request the meeting verbally, in writing or by electronic means. A school shall hold a meeting requested under this subsection within 10 school days of the date on which the parent sent the request. The focus of any meeting convened under this subsection shall be to discuss proactive ways to prevent the need for emergency safety interventions and to reduce incidents in the future.

(1) For a student who has an individualized education program or a section 504 plan, then the student's individualized education program team or section 504 plan team shall discuss the incident and consider the need to conduct a functional behavioral analysis, develop a behavior intervention plan, or amend either if already in existence.

(2) For a student with a section 504 plan, the student's section 504 plan team shall discuss and consider the need for an evaluation under the special education for exceptional children act, K.S.A. 72-961 et seq., and amendments thereto.

(3) For a student who has an individualized education program and is placed in a private school by a parent, a meeting called under this subsection shall include the parent and the designee of the private school, who shall consider whether the parent should request an individualized education program team meeting. If the parent requests an individualized education program team meeting, the private school shall help facilitate the meeting.

(4) For a student who does not have an individualized education program or section 504 plan, the parent and school shall discuss the incident and consider the appropriateness of a referral for an evaluation under the special education for exceptional children act, K.S.A. 72-961 et seq. and amendments thereto, the need for a functional behavioral analysis, or the need for a behavior intervention plan. Each meeting called pursuant to this subsection shall include the student's parent, a school administrator for the school where the student attends, one of the student's teachers, a school employee involved in the incident, and any other school employees designated by the school administrator as appropriate for the meeting.

(5) The parent shall determine whether the student shall be invited to any meeting called pursuant to this subsection.

(6) The time for calling a meeting pursuant to this subsection shall be extended beyond the 10-school-day limit if the parent of the student is unable to attend within that time period.

(7) Nothing in this subsection shall be construed to prohibit the development and implementation of a functional behavioral analysis or a behavior intervention plan for any student if the student could benefit from such measures.

(e) If a school is aware that a law enforcement officer or school resource officer has used seclusion, physical restraint or mechanical restraint on a student on school grounds or during a school-sponsored activity, the school shall notify the parent on the same day the school becomes aware of the use, using the parent's preferred method of contact as described in K.A.R. 91-42-4(a). A school shall not be required to provide

written documentation to a parent, as set forth in subsection (b) or (c) regarding law enforcement use of an emergency safety intervention, or report to the department law enforcement use of an emergency safety intervention. For purposes of this subsection, mechanical restraint includes, but is not limited to, the use of handcuffs.

(f) If a parent believes that emergency safety interventions have been used in violation of this article or policies of the school district, then within 30 days from being informed of the use of emergency safety intervention, the parent may file a complaint through the local dispute resolution process. Any parent may request an administrative review by the state board within 30 days from the date the final decision was issued pursuant to the local dispute resolution process.

(Authorized by and implementing Article 6, Section 2(a) of the Kansas Constitution; effective, T-91-2-17-16, Feb. 17, 2016; effective June 10, 2016; amended July 7, 2017.)
