Kansas Administrative Regulations

Department of Health and Environment

Article 16.—Water Pollution Control—Pretreatment.

28-16-134. Projects documents.

(a) Each loan applicant for a sewerage facility projects shall submit, for the secretary's review and approval, the following documents:

(1) A completed loan application on application forms furnished by the department;

(2) A facilities plan that establishes the need for the project;

(3) Complete design plans, specifications, and construction bidding documents, including detailed cost estimates necessary for competitive bidding, and projected construction and payment schedules;

(4) A plan of operation, including an overall project completion schedule, annual operating cost projections for a minimum of five years, a description of the financial management system, and projected revenues to operate and maintain the entire facility. Revenue projections shall also include the loan repayment obligations; and

(5) A facility operations manual, which shall be submitted before 90% of the project is completed.

(b) Each loan applicant for a nonpoint source pollution control management plan implementation or groundwater quality protection project shall submit, for the secretary's review and approval, the following documents:

(1) A completed loan application on application forms furnished by the department;

(2) Planning documents or any assessment which establishes the need for the project;

(3) Documents needed to plan the construction of the project.

(4) A plan of operation and maintenance to assure project performance for the design life of the project; and

(5) A binding assurance that adequate financial resources will be available for operation and maintenance of the project during the life of the project.

(Authorized by and implementing K.S.A. 1988 Supp. 65-3323; effective May 29, 1989.)
