Department of Health and Environment

Article 72.—Residential Childhood Lead Poisoning Prevention Program

28-72-1t. Definitions.

In addition to the definitions in K.S.A. 65-1,201 and amendments thereto, each of the following terms shall have the meaning assigned in this regulation: (a) "Target housing" means housing constructed before 1978, with the exception of housing for the elderly. If one or more children through the age of 72 months reside or are expected to reside in the housing built exclusively for the elderly, the housing shall be assumed to have been constructed before 1978 unless empirical data proves otherwise. This term shall include schools and any structure used for the care of children under six years of age.

(b) "Third-party examination" means a discipline-specific examination administered by the department to test the knowledge of a person who has completed the required training course and is applying for certification in a particular discipline.

(c) "Training course" means the approved course of instruction established by this article to prepare an individual for certification in a single discipline.

(d) "Training curriculum" means a set of course topics for instruction by a training provider for a particular occupation designed to provide specialized knowledge and skills.

(e) "Training hour" means at least 50 minutes of actual time used for learning, including time devoted to lectures, learning activities, small group activities, demonstrations, evaluations, and hands-on experience.

(f) "Training manager" means the individual who is a direct and monetarily compensated employee of a training provider, is subject to the employment standards of the fair labor standards act, and is responsible for administering a training program and monitoring the performance of principal instructors and guest instructors.

(g) "Training provider" means a person or entity who has met the requirements of K.A.R. 28-72-4 and provides training courses for the purpose of state certification or

certification renewal in the occupations of lead-safe work practices, lead abatement worker, lead abatement supervisor, lead-based paint inspector, risk assessor, and project designer.

(Authorized by and implementing K.S.A. 65-1,202; effective April 9, 2010.)
