(b) Special care. Any administrator or operator of an adult day care facility may choose to serve residents who do not exceed the facility's admission and retention criteria and who have special needs in a special care section of the facility or the entire facility, if the administrator or operator ensures that all of the following conditions are met:

- (1) Written policies are developed and procedures are implemented for the operation of the special care section or facility.

(6) Direct care staff are present in the special care section or facility at all times.

(7) Before assignment to the special care section or facility employment, each staff member is provided with a training program related to specific needs of the residents to be served, and evidence of completion of the training is maintained in the employee's personnel records.

(8) Living, dining, activity, and recreational areas are provided within the special care section, except when residents are able to access living, dining, activity, and recreational areas in another section of the facility.

(9) The control of exits in the special care section is the least restrictive possible for the residents in the section.

(c) Maintenance. Designated staff shall provide routine maintenance, including the control of pests and rodents, and repairs in common areas inside and outside the facility.

(d) Services not provided. If an administrator or operator of an adult day care facility chooses not to provide or coordinate any service as specified in subsection (a), the administrator or operator shall notify the resident, in writing, on or before the resident's admission to the facility.
