

Kansas Administrative Regulations

Kansas Dental Board

Article 1.—General Rules

71-1-4. Requirements for reexamination.

(a) Each applicant who, upon taking any examination or any section thereof a second time, fails to obtain a passing grade on that examination or section of an examination shall obtain additional or remedial instruction. The dental board shall determine the amount and type of such required instruction based upon the performance of the applicant on the prior examinations. The required instruction shall be completed in a course and at a school of dentistry or dental hygiene approved by the board. The applicant shall submit a written statement, signed by an authorized member of the faculty of that school of dentistry or dental hygiene, advising the board or its designee that the applicant is qualified for reexamination.

(b) If any applicant fails to pass the examination or any section thereof on reexamination, following compliance with subsection (a) above, the board may, for good cause shown by the applicant, authorize further reexamination. In such case, the board may accept the results of any reexamination of that applicant conducted thereafter by the national board of dental examiners or by any other testing agency, the results of which are otherwise accepted by the board.

(Authorized by and implementing K.S.A. 1983 Supp. 65-1429; effective Jan. 1, 1966; amended May 1, 1984.)
