Article 4.—Disposal Plants

9-4-5. Sales of inedible meats; registration.

Inedible meat products (1) may be sold, when properly decharacterized, for shipment directly to a plant producing dog food, or (2) may be sold to a person for use in feeding dogs, pets, mink or other animals, as allowed by the commissioner. A disposal operator shall register with the commissioner, before he engages in the business of selling inedible meats. This registration shall be in writing. After the disposal plant operator (1) has made application for registration to engage in such activity, and (2) has informed the commissioner where the inedible meats are to be sold, and (3) has had his disposal plant inspected, and (4) such plant has been determined to be adequate to process and handle inedible meats, the commissioner may issue a registration certificate to the applicant.
