

Kansas Administrative Regulations

State Board of Pharmacy

Article 22.—Electronic Supervision of Medical Care Facility's Pharmacy Personnel

68-22-4. Electronic supervision.

(a) Only a pharmacist licensed by the board may electronically supervise a pharmacy student or pharmacy technician working in a medical care facility's pharmacy.

(b) A pharmacist licensed by the board may be electronically connected to multiple medical care facility pharmacies at one time for the purpose of electronically supervising.

(c) A pharmacist licensed by the board may electronically supervise no more than one pharmacy technician working in any medical care facility's pharmacy at one time.

(d) No more than one pharmacy student or pharmacy technician that is being electronically supervised may work in a medical care facility's pharmacy at one time.

(e) Electronic supervision conducted in conformance with these regulations shall constitute direct supervision.

(Authorized by K.S.A. 65-1630; implementing K.S.A. 2009 Supp. 65-1626, K.S.A. 2009 Supp. 65-1642, K.S.A. 65-1648, and K.S.A. 2009 Supp. 65-1663; effective Nov. 18, 2011.)
