Kansas Administrative Regulations

Department of Health and Environment

Article 35.—Radiation—Part 13. Contingency Planning for Response to Radioactive Material Emergencies.

28-35-410. Documentation and recordkeeping.

Each licensee required to submit a contingency plan pursuant to K.A.R. 28-35-401 shall retain the following records in accordance with the recordkeeping requirements of part 3 of these regulations:

(a) The reports of contingency plan training, drills, and exercises as specified in K.A.R. 28-35-403; and

(b) the revisions and records of all notifications and reports as specified in K.A.R. 28-35-409 and part 3 of these regulations.

(Authorized by K.S.A. 48-1607; implementing K.S.A. 48-1602; effective Dec. 30, 2005.)
