Kansas Administrative Regulations

Department of Health and Environment

Article 35.—Radiation—Part 11. Wireline and Subsurface Tracer Studies.

28-35-358. Particle accelerators.

A licensee or registrant shall not permit above-ground testing of any particle accelerator, designed for use in well logging which results in the production of radiation, except in areas or facilities controlled or shielded so that the requirements of K.A.R. 28-35-212a and 28-35-214a of these regulations, as applicable, are met.

(Authorized by and implementing K.S.A. 1992 Supp. 48-1607; effective Sept. 20, 1993.)
