Department of Health and Environment

Article 15.—Application for Permits; Domestic Water Supply

28-15-17. Siting requirements.

A new or expanded facility shall not be initiated or constructed at a site which the department determines: (a) Is subject to a significant risk from earthquakes, floods, fires or other disasters which could cause a breakdown of the public water supply system or a portion of it;

(b) Except for intake structures, is within the floodplain of a one-hundred (100) year flood; and is lower than the recorded high water level where appropriate records exist; or

(c) Is adjacent to a major source of pollution, which the department determines has a potentially adverse influence on the water supply.

(Authorized by and implementing K.S.A. 65-171m; effective May 1, 1982.)
