

# **Kansas Administrative Regulations**

## **Department of Health and Environment**

### **Article 44.—Petroleum Products Storage Tanks**

#### **28-44-15. Application for installation or modification of an underground storage tank.**

(a) Each owner shall obtain an installation or modification permit from the department before installing or modifying a UST or UST system. The application requirements and procedures for installation or modification of a UST or UST system shall be those specified in the department's "Kansas storage tank program document," dated July 22, 2019, which is hereby adopted by reference.

(b) Each owner shall submit a nonrefundable installation application fee of \$100.00 for each tank. The installation application fee for a new UST shall include the registration fee and the first year's operating permit fee as required by K.A.R. 28-44-17. (Authorized by K.S.A. 65-34,105; implementing K.S.A. 65-34,105 and 65-34,106; effective Nov. 26, 1990; amended July 6, 2020.)
