30-63-11. Two types of license; display.

(a) Two types of license may be issued by the secretary pursuant to this article to operate as a provider. One type shall be a "full license," and the other type shall be a "limited license." Both types of license may be issued on a "temporary" or on a "with requirements" basis as specified in K.A.R. 30-63-12.

(b) Both licenses issued pursuant to this article shall be prepared by the commission.

(c) Each holder of a license shall prominently display the license in the holder's principal place of business.

(d) A full license shall apply to all providers except those providers specified in subsection (e).

(e) A "limited license" shall apply to providers who provide services only to either one or two specified persons to whom the provider is related or with whom the provider has a preexisting relationship. The services shall be provided in the home of the person being served. A provider operating with a limited license shall be afforded greater flexibility in the means by which that provider is required to comply with all of the requirements of this article if the services are provided in a manner that protects the health, safety, and welfare of the specific person being served, as determined by the commission.
