Kansas Administrative Regulations

Department of Health and Environment

Article 4.—Maternal and Child Health—Screening of Newborn Infants.

28-4-513. Professional education.

(a) Consultation with medical specialists shall be available without charge to primary care providers and others involved in the care of persons at risk for or diagnosed with phenylketonuria, congenital hypothyroidism, galactosemia, or hemoglobin diseases and traits.

(b) Notification letters and telephone calls reporting abnormal test results to the physicians shall contain information including interpretation of data and recommendations for follow-up.

(c) Upon request, workshops and other educational presentations concerning newborn screening shall be provided by the department when a specific need is identified.

(d) The newborn screening coordinator and personnel in the newborn screening section of the laboratory shall respond to telephone and written inquiries concerning specimens within five working days of receipt.

(Authorized by K.S.A. 65-101; implementing K.S.A. 1998 Supp. 65-180; effective, T-87-48, Dec. 19, 1986; effective May 1, 1987; amended April 14, 2000.)
