92-23-53. Verification of winners.

The winning numbers on the bingo face or reusable bingo card of each announced winner of each call bingo game shall be verified by the following individuals:

(a) At least one other call bingo player unrelated by blood or marriage to either the winning player or the caller of that game of bingo; and

(b) one or more of the bingo workers, using one of the following methods:

(1) The bingo worker shall call back the winning numbers while the other call bingo player looks at the bingo face or reusable bingo card and verifies that the correct numbers are being called back. The winning numbers shall be called out loud so that the other players present can hear the numbers. The caller shall announce whether the bingo face or reusable bingo card is a winner. For a blackout game, the numbers not selected may be called by the bingo worker and other call bingo player to verify the winners; or

(2) the bingo worker shall call out the unique identifying number on the bingo face while the other call bingo player verifies that the correct identifying number was called. The caller shall type the identifying number into the bingo machine with an electronic verifier and announce the bingo machine's response as to whether the bingo face is a winner.
