

Kansas Administrative Regulations

Department of Health and Environment

Article 45.—Underground Hydrocarbon Storage Wells and Associated Brine Ponds

28-45-9a. Signatory authority.

(a) Each applicant shall designate at least one signatory to sign the facility permit application and all documents required by the secretary.

(b) Each signatory designated in subsection (a) shall make the following certification:

"I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to ensure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations."

(c) Any of the following positions may be approved to be a signatory by the secretary:

- (1) Plant or operations manager;
- (2) cavern specialist for a storage well and cavern;
- (3) brine pond specialist for a brine pond;
- (4) superintendent; or

(5) a position with responsibility at least equivalent to that required by the positions listed in this subsection.

(d) Any signatory may submit written notification to the secretary specifying a position having responsibility for the overall operation of the facility or activity to act as a designated signatory.

(e) Each permittee shall submit updated documentation of signatory authority if a change in signatory authority occurs while the permit is in effect.

(Authorized by and implementing K.S.A. 2022 Supp. 55-1,117; effective, T-28-4-1-03, April 1, 2003; effective Aug. 8, 2003; amended Aug. 9, 2024.)
