Kansas Department of Transportation

Article 27.—Junkyard and Salvage Control

36-27-7. Provisional certificates of compliance; junkyards created after May 4, 1967.

Upon written notice from the beautification administrator to the owner or operator of a junkyard created after May 4, 1967 of the screening required, a provisional certificate of compliance may be issued by the department to the owner. The provisional certificate shall be conditioned on the completed installation of the required screening within 90 days from the written notice. If inclement weather conditions interfere with the installation, an extension of time for the installation of the screening may be granted by the beautification administrator. Failure to install the required screening within 90 days, or within any extension of time granted by the administrator, shall be grounds for revocation or suspension of the provisional certificate of compliance pursuant to the provisions of K.S.A. 1986 Supp. 68-2213, as amended by L. 1987, Ch. 263.

Editor's Note:

Effective August 15, 1975, the state salvage board was abolished and its powers and duties transferred to the secretary of transportation. At the secretary's request, the board's regulations were transferred to this article.
