Kansas Corporation Commission

Article 10.—Oil and Natural Gas Liquid Pipelines

82-10-3. Revisions of application and schedules.

(a) If an oil or natural gas liquid pipeline company desires to make revisions to its application and schedules, other than minor corrections and insertions which can only be made by interlineation without unduly prolonging a hearing with respect to the application or schedules, the applicant shall file with the commission revised schedules as are necessary to reflect the desired revisions:

(1) Each page of the revised section or schedule shall bear the same section letter designation, schedule number, and page number as the original page with the word "Revised" and the date of the revision immediately below the original section, schedule, or page designation.

(2) There shall be filed the same number of copies of any revised sections, schedules or pages as the number of copies originally required to be filed.

(3) A copy of each revised section, schedule or page shall also be served upon each party whose intervention has previously been permitted by the commission pursuant to K.A.R. 82-1-225.

(4) All revised sections, schedules and pages shall be filed according to the provisions of K.A.R. 82-1-221, unless otherwise ordered by the commission for good cause shown.

(5) Substantial revisions of the schedules, such as changing to a different test year, may constitute grounds for the commission to continue any scheduled hearing to a later date, if necessary for its staff to conduct further investigation or revise its schedules with respect to these revisions.

(6) Revised prefiled testimony shall be filed simultaneously with the filing of the revised application.

(b) For good cause shown the commission may waive any of the requirements of this rule.

(Authorized by K.S.A. 55-504, K.S.A. 66-106 and K.S.A. 66-1,218; implementing K.S.A. 55-504 and K.S.A. 66-1,218; effective May 1, 1987.)
