Kansas Administrative Regulations

Department of Health and Environment

Article 35.—Radiation—Part 13. Contingency Planning for Response to Radioactive Material Emergencies.

28-35-405. Certification of compliance.

Each applicant shall certify to the department that the applicant is in compliance with the emergency planning and community right-to-know act of 1986, title III, pub. L. 99-499, at the proposed place of use of the radioactive material.

(Authorized by K.S.A. 48-1607; implementing K.S.A. 48-1602; effective Dec. 30, 2005.)
