Kansas Administrative Regulations

Department of Health and Environment

Article 35.—Radiation—Part 4. Standards for Protection Against Radiation.

28-35-230a. Reports of overexposures and excessive levels and concentrations.

(a) In addition to any notification required by K.A.R. 28-35-229a, each licensee or registrant shall submit a report to the department, in writing, within 30 days of learning of any of the following occurrences:

(1) Each exposure of an individual to radiation in excess of the applicable standards in K.A.R. 28-35-212a, K.A.R. 28-35-213a, K.A.R. 28-35-213b, K.A.R. 28-35-214a, or the license;

(2) each exposure of an individual to radioactive material in excess of the applicable limits in K.A.R. 28-35-212b (a)(1), K.A.R. 28-35-212b (a)(2), K.A.R. 28-35-213a, K.A.R. 28-35-213b, or K.A.R. 28-35-214a or in the license;

(3) each incident in which levels of radiation or concentrations of radioactive material in a restricted area exceeded any other applicable limit in the license;

(4) any incident for which notification is required by K.A.R. 28-35-229a; and

(5) each incident in which levels of radiation or concentrations of radioactive material in an unrestricted area exceeded 10 times any applicable limit set forth in this part or in the license, whether or not involving excessive exposure of any individual.

(6) For licensees subject to the provisions of the U.S. environmental protection agency's generally applicable environmental radiation standards in 40 CFR part 190, levels of radiation or releases of radioactive material in excess of those standards, or of license conditions related to those standards.

(b) Each report required under this regulation shall describe the extent of exposure of individuals to radiation or to radioactive material, including the following:

(1) The estimate of each individual's dose;

(2) the levels of radiation and concentrations of radioactive material involved;

(3) the cause of the exposure or excessive levels or concentrations; and

(4) the corrective steps taken or planned to ensure against a reoccurrence.

(c) Each report filed with the department under this regulation shall include for each individual exposed the individual's name, social security number, and date of birth, and an estimate of the individual's dose. With respect to the limit for the embryo or fetus specified in K.A.R. 28-35-213b, the identifiers shall be those of the declared pregnant woman. The report shall be prepared so that the identifier are stated in a separate and detachable part of the report.

(Authorized by and implementing K.S.A. 48-1607; effective, T-85-43, Dec. 19, 1984; effective May 1, 1985; amended Sept. 20, 1993; amended Oct. 17, 1994; amended Dec. 30, 2005.)
