Article 72.—Residential Childhood Lead Poisoning Prevention Program

28-72-8. Application process and requirements for the certification of lead abatement supervisors.

(a) Application for a lead abatement supervisor certificate.

(1) Each applicant for a lead abatement supervisor certificate shall submit a completed application to KDHE before consideration for certificate issuance. Each application for certification shall be received by KDHE at least 30 days before the date of the third-party examination, but the deadline for filing applications may be waived by KDHE as particular circumstances justify.

(2) Each application shall include the information specified in K.A.R. 28-72-5(a)(2)(A) and the following:

(A) A copy of the lead abatement supervisor training course completion diploma, and any required refresher course completion diplomas;

(B) documentation pursuant to subsection (c) as evidence of meeting the education or experience requirements for lead abatement supervisors; and

(C) a payment to KDHE for the nonrefundable fee specified in K.A.R. 28-72-3.

(3) Each applicant for a lead abatement supervisor certificate shall apply to KDHE within one year after the applicant's successful completion of the lead abatement supervisor training course, as indicated on the course completion diploma. Each applicant failing to apply within one year after the date on the training course completion certificate shall, before making application for certification, be required to successfully complete the eight-hour lead abatement supervisor refresher training course.

(4) Each applicant who fails to apply within two years after the lead abatement supervisor training and who has not successfully completed refresher training shall be required to successfully complete the lead abatement supervisor training course before submitting an application for a lead abatement supervisor certificate.

(b) Training and experience requirements for a lead abatement supervisor certificate.

(1) Each applicant for a certificate as a lead abatement supervisor shall complete a lead abatement supervisor training course and shall be required to achieve passing scores on the course examination and the third-party examination.

(2) Each applicant for a certificate as a lead abatement supervisor shall meet the minimum experience requirements for a certified lead abatement supervisor.

(A) The minimum experience requirements for a lead abatement supervisor certificate shall include at least one of the following:

(i) At least one year of experience as a certified lead abatement worker certified by the secretary, the EPA, or an EPA-approved state;

(ii) at least two years of experience in asbestos abatement work as a construction manager or superintendent;

(iii) at least two years of experience as a manager for environmental hazard remediation projects; or

(iv) at least two years of experience as a supervisor in residential construction.

(B) The following documents shall be recognized by KDHE as evidence of meeting the requirements listed in paragraph (b)(2)(A):

(i) Resumes, letters of reference, or documentation of work experience, which shall include specific dates of employment, each employer's name, address, and telephone number, and specific job duties, as evidence of meeting the work experience requirements;

(ii) course completion diplomas issued by a training provider as evidence of meeting the training requirements; and

(iii) a copy of the lead abatement supervisor certificate or identification badge as evidence of having been a certified lead abatement supervisor.

(c) Procedure for issuance or denial of a lead abatement supervisor certificate.

(1) Each applicant shall be informed by the secretary in writing that the application is approved, incomplete, or denied.

(A) If an application is incomplete, the notice shall include a list of additional information or documentation required to complete the application.

(i) Within 30 calendar days after the issuance date of the notice of an incomplete application, the applicant shall submit, to the secretary in writing, the information requested in the written notice.

(ii) Failure to submit the information requested in the written notice within 30 calendar days shall result in the secretary's denial of the individual's application for certification.

(iii) After receipt of the information requested in the written notice, the applicant shall be informed by the secretary in writing that the application is either approved or denied.

(B) If an application for certification is denied, the written notice of denial to the applicant shall specify the reason or reasons for the denial. Certification may be denied by the secretary pursuant to K.S.A. 65-1,207(b), and amendments thereto.

(C) If an application is denied, the applicant may reapply to KDHE for a lead abatement supervisor certificate by submitting a complete lead occupation application form with another nonrefundable certification fee, as specified in K.A.R. 28-72-3.

(D) If an applicant is aggrieved by a determination to deny certification, the applicant may request a hearing with the office of administrative hearings, in accordance with the Kansas administrative procedure act.

(2) Within 180 calendar days after application approval, the applicant shall be required to attain a passing score on the third-party examination for lead abatement supervisors.

(A) An applicant shall not sit for the third-party examination for lead abatement supervisors more than three times within 180 calendar days after the issuance date of the notice of an approved application.

(B) The applicant's failure to obtain a passing score on the third-party examination for lead abatement supervisors within the 180-day period following the notice of an approved application for a certificate shall result in the secretary's denial of the individual's application for a certificate. The individual may reapply to KDHE pursuant to this regulation but only after retaking the lead abatement supervisor training course.

(3) After the applicant passes the third-party examination, a two-year lead abatement supervisor certificate shall be issued by KDHE.

(4) A certificate may be issued with specific restrictions pursuant to an agreement between the applicant and KDHE.
