Kansas Administrative Regulations

Department of Health and Environment

Article 35.—Radiation—Part 4. Standards for Protection Against Radiation.

28-35-218a. Bioassays.

Where necessary or desirable in order to aid in determining the extent of an individual's exposure to concentrations of radioactive material, a licensee may be required by the department, through license provisions or an order, to make available to the individual appropriate bioassay services and to furnish a copy of the reports of those services to the department.

(Authorized by and implementing K.S.A. 1992 Supp. 48-1607; effective, T-85-43, Dec. 19, 1984; effective May 1, 1985; amended Sept. 20, 1993.)
