

Kansas Administrative Regulations

Kansas Department of Agriculture—Division of Water Resources

Article 45.—Design of Levees

5-45-8. Levees; hazard classes.

The following levee hazard classes are established: (a) Class A levee—failure of levee may allow damage to farm buildings, limited agricultural grounds or private roads.

(b) Class B levee—failure of levee may endanger extensive agricultural land, or damage isolated homes, secondary highways or minor railroads.

(c) Class C levee—failure of levee may cause loss of life, or cause serious damage to private, commercial or public property.

(Authorized by and implementing K.S.A. 24-126; effective May 1, 1987.)
