Kansas Administrative Regulations

Department of Health and Environment

Article 35.—Radiation—Part 16. Radon

28-35-605. Continuing education.

(a) Before certification renewal, each radon measurement technician shall meet the following continuing education requirements:

(1) Complete and submit proof of completion to the department of at least 16 hours of department-approved continuing education; and

(2) maintain documentation, pursuant to K.A.R. 28-35-601(h), that the continuing education was successfully completed within the prior 24-month certification period.

(b) Before certification renewal, each radon mitigation technician shall meet the following continuing education requirements:

(1) Complete and submit proof of completion to the department of at least 16 hours of department-approved continuing education;

(2) maintain documentation, pursuant to K.A.R. 28-35-601(h), that the continuing education was successfully completed within the prior 24-month certification period.

(c) If a person is certified as both a radon measurement technician and a radon mitigation technician, continuing education credit shall be granted for both certifications if the person completes at least 24 hours of department-approved continuing education credits for radon services during the 24-month period that the certificates are valid.

(d) Continuing education credit shall be accepted only for the completion of each different continuing education training course during a current certification period. Training courses for continuing education credit that are repeated shall be accepted only for the initial successful completion of the course during a current certification period.

(Authorized by K.S.A. 2022 Supp. 48-16a03; implementing K.S.A. 2022 Supp. 48-16a03, 48-16a05, and 48-16a06; effective Feb. 3, 2012; amended Oct. 27, 2023.)
